“ Thank you to sweet Jeanne for the care she provided to my husband Mark. She was his home health nurse and always such a joy to be around. We are so sad for her family and how hard losing her will be. May God bring you comfort and answer all the questions that come when we lose someone. Praying for you.

“ Dear family, Condolences are not enough when we hurt deeply. I pray you can take comfort in the grace, love and mercy of our Lord. He knows all the circumstances and applies His special kind of love that is deeper and higher and stronger than anything we can begin to comprehend. May the Spirit of the Lord reside within you and bring you comfort and peace that goes beyond logic!

“ I will always cherish my past with Jeanniefrom kindergarten to graduation as well as I am honored to have worked alongside her at the hospital. No matter the time in between our conversations, we chatted like it was yesterday! She was a caring and compassionate nurse but underneath all that ... a friend and I will miss you. My thoughts and prayers are with you all.

“ To the family in their time of sorrow, the upright and blameless man Job expressed faith in the resurrection saying, in his intense suffering: "O that in Sheol (Hebrew, the grave) you would conceal me, . . . that you would set a time limit for me and remember me! If an able-bodied man dies can he live again? . . . You will call, and I myself shall answer you. For the work of your hands you will have a yearning."--Job 14:13-15. Yes, please take comfort that our Creator longs to bring those in his memory back from the grave.

“ I am so sorry for your loss. I had the pleasure of getting to know your Mom a lot better about three years ago when I changed positions at work. I assumed a position that she had previously held. From time to time I would flag her down in the hall to ask a question. She would come to my office and we would talk. Eventually the conversation would always come back to her children. She would tell me things you had recently done, or about some of your friends being over at your house. Her love for all of you was clear. I pray you find comfort at this time in those memories and her love. My prayers are with your family.

“ I am so sorry for your loss. Words cannot express the sadness one feels when losing one so close. I know she loved you all so much and was so proud that Holly wanted to follow in her, and her mother's, foot steps. Jeanne took great pride in her role in Infection Control and worked hard to see that everyone did their part to keep patient's safe from health care associated infections. She was so proud of Jonathon and she often talked about what career path he might take some day. She was a true friend, (buddy), as we often called each other, and I will so miss that smile she would display with a slight tilt of her head to the side. Praying for you all. Judy

“ I am so sorry for your loss. I knew Jeannie as a little girl. She was in my daughter, Cherie's class. They also took a dance class together when they were very young. I still have those pictures. I then worked with Jeannie at home health. She was an excellent nurse and very caring with her patients. I loved working with her. She was always willing to go the extra mile. When we had a spare moment, we always ended up talking about Jonathon and Holly. She was always so proud of you both. She also had little stories of something she and George had done. Hold tight to all those wonderful memories you have of Jeannie.

“ I had the pleasure of being Jeanie's neighbor for a good part of my childhood. I believe she was my babysitter a few times and when Holly was only 4 months old (!?!?) my mom began babysitting her! I have watched Holly grow up into an amazing person and I know that has a lot to do with your amazing mom. Velma and Jeanie always encouraged me as I went through nursing school and they were 2 nurses that I always admired. My heart goes out to all of you during this tragic time. You all have been considered a part of our family for a long time and I love you all.

Katie Volk - May 19, 2014 at 12:00 AM

“ I have known Jeannie for many years through our mutual jobs as nurses at the hospital. I also spent some time with her sweet Mother doing clinicals. Anytime I ever passed Jeannie she always stopped to tell me what "her Holly" or "her Jon" were doing that was making her so proud at that moment. Jeannie had such compassion and caring when dealing with her patients and their families. I will always remember her as a loving special friend.

Anita Collins - May 19, 2014 at 12:00 AM
